Re: Hurricane Fiona: Temporary Pharmacy Closures

With Hurricane Fiona anticipated to make landfall in Nova Scotia, it is likely that some pharmacies may need to temporarily close due to power outages, etc. **Pharmacies should be readying their emergency response plans, including reviewing the [Temporary Pharmacy Closures Policy](#).**

Should your pharmacy need to temporarily close, please notify the NSCP at the earliest opportunity by using this [Notification of Temporary Pharmacy Closure Google Form](#) link. The NSCP does not need to be notified of reduced business hours.
