**Re:** Mifegymiso Coverage

---

The NSCP has heard that some patients have been told by their pharmacy that they must pay for Mifegymiso. This has resulted in some patients not obtaining the medication within the required timeframe to have a medical abortion. As outlined in the Pharmacare [Pharmacy Guide](#), **Mifegymiso is covered for all women in Nova Scotia with a valid health card number.**

It is important that pharmacy managers ensure that all dispensary staff are aware of this provincial coverage.
